Cl. 21.—Royal Warrant for Retired Full Pay and Half-Pay of Combatant Officers.

VICTORIA R.

Whereas we deem it expedient to revise the regulations respecting the retired full pay and half-pay of the combatant officers of our Army:

Our will and pleasure is that the following Articles of our Warrant of 27th December, 1870, be cancelled, viz., Articles 94 and 95, 98 to 101, 103 to 108, 954 to 958, 960, and 962 to 966; likewise our Warrant of 31st May, 1871, Articles 8 to 12, and 15 and 16 of our Warrant of 5th July, 1872, relating to our Royal Artillery, and Articles 7 to 10, together with Article 12 of our Warrant of the same date relating to our Royal Engineers; also Article 25 of our Warrant of the 30th October, 1871.

RETIRED FULL PAY.

General Rules.

2. The retired full-pay list shall be limited to unattached general officers of our Royal Artillery and Royal Engineers, and to field officers and captains of our Army, and the annual amount expended on this head shall not exceed, for the Guards and Line, 62,000*l.*, for the Royal Artillery 42,400*l.*, and for the Royal Engineers 21,500*l.*; but lieutenant-colonels who retire under Articles 8 and 10, and all officers placed on this list prior to our Royal Warrant of 1840, shall be supernumerary to the above establishment. Any sum granted to an officer of our Royal Engineers under Article 16, and any sum in excess of 1*l.* 6*s.* a-day granted to an officer of our Royal Artillery under that Article, shall likewise be in excess of the total amounts above fixed.

ARMY CIRCULARS—continued.

3. When there shall be a vacancy in one of the establishments of retired full pay, an officer of the same branch of the service shall be recommended to us for succession to such establishment.

4. The retired full pay of officers, other than those named in Articles 9, 10, 11 and 14, shall be the full pay of the rank from which they may retire.

5. Every officer permitted to retire upon full pay, except under Article 8, shall be granted a step of honorary rank, but such officer can have no further promotion unless he shall have retired from our Royal Artillery or Royal Engineers as a regimental field officer on full pay or in consequence of wounds or ill health contracted in and by the service before the 3rd November, 1854, in which case he shall succeed to the higher ranks with the surviving officer who stood next below him on the effective establishment at the time of his retirement.

6. The one year's service granted to the garrisons which defended Lucknow and the Alumbagh respectively, prior to the advance of any portion of the forces under the late Field Marshal Lord Clyde, shall reckon as actual service towards retirement on full pay.

Guards and Line.

7. Officers of the Guards and Line shall be selected for permission to retire upon full pay according to their regimental rank upon the recommendation of our Commander-in-Chief with the approval of our Secretary of State; but no officer shall be placed on retired full pay who shall not have served as a commissioned officer in a regiment or on the staff for an aggregate period of 30 years, or, if promoted from the ranks, who shall not have served for an aggregate period of 30 years in all grades, of which at least 15 years shall have been as a commissioned officer in a regiment or on the staff. In cases of retirement in consequence of permanent unfitness for general service through wounds received in action or ill health, contracted in and by the performance of military duty, as certified by a medical board, it shall be competent for our Secretary of State to grant full pay after 25 years' service, 15 of which, in the case of an officer promoted from the ranks, shall have been as commissioned officer.

8. A lieutenant colonel shall retire upon full pay from the command of a regiment or battalion on attaining the age of 60 years, unless it shall be reported to our Commander-in-Chief by the general officer inspecting the regiment or battalion that it would be for the good of our Service that the said officer should continue in command. If the officer have attained the rank of colonel, he shall retain his right to succeed in his turn (if qualified) to the establishment of general officers.

9. The retired full pay of substantive lieutenant colonels of the Guards and Line shall be 20s. a-day.

Artillery and Engineers.

10. An unattached general officer or regimental colonel of our Royal Artillery, or Royal Engineers, not subject to Indian Retiring Regulations, may retire after 40 years' service upon 600*l.* a-year.

11. An officer of our Royal Artillery, or Royal Engineers, not subject to Indian Retiring Regulations may retire after 30 years' service upon the full pay of his rank, such full pay, in the case of a regimental lieutenant colonel, being reckoned at 20s. a-day.

12. An officer of our Royal Artillery, or Royal Engineers, retiring under Article 10 or 11 shall relinquish the prospect of succeeding to the command of a brigade or battalion.

13. Of the regimental field officers of Royal Artillery and Royal Engineers who retired anterior to 3rd November, 1854, and who have been, or shall be promoted to the rank of general officer, a number not exceeding eight of the Royal Artillery and four of the Royal Engineers shall receive 400*l.* a-year; and the two seniors of the Royal Artillery and the senior of the Royal Engineers 450*l.* a-year.

14. Articles 3 and 11 of this Warrant shall not apply to officers of the Coast Brigade of Artillery. Cases of retirement from the Coast Brigade will be specially considered.

15. Two vacancies, on the retired full-pay list of our Royal Engineers, shall be reserved for every three officers of that corps in civil employment who are entitled to retirement.

Provisional Arrangement.

16. An officer who was serving in our Royal Artillery or Royal Engineers, on the 5th July, 1872, and who shall retire, with the rank of general officer or regimental colonel, under Article 11, shall be eligible to have his retired pay made up to a sum not exceeding 600*l.* a-year, the difference between such sum and 600*l.* being the estimated equivalent for the pecuniary advantages which shall have been conferred upon him by our

ARMY CIRCULARS—continued.

Warrant of 5th July, 1872, or by any consequent revision of establishment. This equivalent shall be arrived at by an actuarial calculation in each case, and shall be approved by our Secretary of State.

HALF-PAY.

17. After 25 years' service, all combatant officers shall have an unqualified right to retire on half-pay, provided that in the case of an officer promoted from the ranks he shall have served as a commissioned officer for 10 years. Officers of our West India regiments, after 21 years' service, of which 12 have been rendered in a West India regiment, or after 16 years' continuous service in the West Indies or on the West Coast of Africa, including leave of absence, shall also have an unqualified right so to retire, provided they shall be serving in a West India regiment at the time of such retirement.

18. The one year's service granted to the garrisons which defended Lucknow and the Alumbagh respectively prior to the advance of any portion of the forces under the late Field Marshal Lord Clyde shall reckon as actual service towards retirement on half-pay.

19. On reduction from full pay after actual service for three years as a commissioned officer in our regular Army, or in the case of an officer promoted from the ranks after service on full pay as commissioned officer for one year, and as non-commissioned officer for five years, an officer may be granted temporary half-pay until an opportunity shall occur for his re-employment. After two years' commissioned service half-pay may be granted for three years, and after one year's commissioned service half-pay may be granted for two years.

20. An officer who may become unfit for service in consequence of wounds received in action, or of ill-health contracted in and by the performance of military duty, as certified by a medical board, may be granted temporary half-pay until he shall recover, and until an opportunity shall occur for his re-employment. Except in the case of wounds received in action, the officer must however have served with a commission in our regular Army for three years, unless he shall have been promoted from the ranks, when one year's service only as a commissioned officer shall be required.

21. In the case of an officer placed upon temporary half-pay in consequence of injuries caused in and by the service, our Secretary of State may, at his discretion, and provided a military medical board report that the officer is unfit for further service, place such officer upon permanent half-pay.

22. The vacancies caused by officers retiring under Article 20 shall be filled from the half-pay list whenever a half-pay officer may be available, or by the absorption of a supernumerary officer, if available.

23. Commissioned officers of our Army shall be liable to be removed on the recommendation of our Commander in Chief from full pay and placed on temporary half-pay for misconduct or incapacity, and when so placed upon temporary half-pay shall receive a reduced rate of half-pay, of such amount and for such period as our Secretary of State may decide, taking into consideration the length and character of the services rendered by the officer. The same rule shall apply to supernumerary officers who resign their appointments on unsatisfactory grounds.

24. Regimental lieutenant colonels and majors appointed as such after the 31st October, 1871, shall, unless they be re-appointed, be placed upon half-pay after five years' tenure of such appointments.

25. Our Commander in Chief may, with the approval of our Secretary of State, recommend to us applications from regimental lieutenant colonels and majors so appointed before the 1st November, 1871, for retirement to half-pay after five years' tenure of their present commissions.

26. In order to facilitate the re-employment of reduced officers, and in lieu of the permission formerly granted to captains of less than 25 years' service of exchanging with captains on the temporary half-pay list, such number of the captains who entered the Army prior to 26th August, 1871, of less than 25 years' service as our Secretary of State may decide, not exceeding six in any one year, may be permitted to retire upon temporary half-pay, the vacancies thus caused being filled by captains from the half-pay list. No officer shall be allowed to retire under this Article unless there be a temporary half-pay captain available for employment on full pay.

27. A regimental officer borne as supernumerary, in consequence of a reduction of establishment, may at any time, at his own request, be placed upon temporary half-pay on the recommendation of our Commander in Chief, with the approval of our Secretary of State. So long as an officer remains supernumerary, any officer of like rank in the regiment may, in a similar manner, be placed upon temporary half-pay at his own request, and the supernumerary officer shall then succeed to the vacancy thus created.

ARMY CIRCULARS—continued.

In either case the officer so placed upon half-pay shall be liable to be brought back to full pay whenever his services may be required.

28. Officers of our Army being on full pay and holding the regimental rank of captain, shall be eligible for transfer to the Militia; and, while so serving in the Militia they shall for a period not exceeding ten years in each case be borne upon the half-pay list.

29. Officers transferred to the Militia, under Article 28, shall be permitted to draw their half-pay during the disembodiment of their Militia regiments; but they shall cease to draw half-pay upon their regiments being embodied.

30. During the period of ten years referred to in Article 28 such officers shall be eligible to retire from our Army, receiving the value of any saleable commission they may have held on the 1st November, 1871.

31. An officer, not being of the Royal Artillery or Royal Engineers, who shall be appointed to the Staff in any rank equal or superior to that of deputy adjutant general shall be required to relinquish his regimental position and be placed on the half-pay list.

32. Substantive lieutenant colonels serving on the Staff in India, who, on the embarkation of their regiments for England, elect to remain in India to complete their five years' tour of Staff service, shall be placed on the half-pay list. If they prefer to return home with their regiments they shall remain supernumerary to the establishment, drawing a sum equal to half-pay, until absorbed.

33. No garrison commission or appointment shall give an officer any claim to half-pay on retirement, unless he shall have been promoted thereto from the ranks, when he shall be entitled to the half-pay of the rank to which he shall be commissioned, or to that of the relative rank assigned to his commission.

34. An officer transferred from our Indian military forces, who may have entered one of the twelve line regiments originally forming part of the forces of the East India Company, may be placed upon temporary half-pay in any case arising out of ill-health, certified by a medical board in the usual manner. An officer who may be thus placed on half-pay, or who may have exchanged to the half-pay list, shall, if duly qualified, rise to the rank of general officer, and be eligible to succeed to a regiment with colonel's emoluments. Should an officer thus placed on half-pay desire at any subsequent period to take the Indian pension he shall be permitted to do so, but shall in that case only be allowed the rate, to which he had acquired a claim, up to the date of being placed on half-pay, and he shall not be eligible to return to full pay in his own or any other regiment.

35. An officer on temporary half-pay is liable to be called back to military duty, and, if not incapacitated by illness contracted in and by the service, shall forfeit his half-pay by declining to serve when called on to do so.

36. Half-pay may be held concurrently with staff-pay, but shall not be held by an officer drawing the full pay of a regimental commission in our regular forces.

37. Under special circumstances, to be determined by our Secretary of State, the half-pay, or any portion of the half-pay, of an officer may be suspended or withheld.

38. Half-pay shall not be issued to any officer holding a civil government situation, without the special sanction of the Lords Commissioners of our Treasury.

PROMOTION ON THE HALF-PAY LIST.

39. For every three vacancies in the substantive rank of lieutenant colonel occurring by death on the half-pay list one major may be promoted to the rank of lieutenant colonel on half-pay; in like manner, for every three vacancies in the rank of major, one captain may be promoted to the rank of major on half-pay; and for every three vacancies in the rank of captain, one lieutenant may be promoted to the rank of captain on half-pay. All regimental vacancies caused by these promotions shall be filled by officers from the half-pay list, or by the absorption of a supernumerary. In the event of there being no supernumerary or half-pay officer available, the vacancy then shall be filled in such other manner as our Commander in Chief, with the approval of our Secretary of State, shall recommend.

40. A substantive major, after five years' service in the colonies as a deputy adjutant general or deputy quartermaster general, shall be entitled to a step of substantive rank on half-pay.

41. Staff officers of pensioners, after a service of fourteen years as such, or seven years with brevet rank, shall, on vacating their appointments, be entitled to a step of sub-rank on half-pay.

- I. A surgeon general shall rank as brigadier general, according to the date of his commission; if with an army in the field or after three years' full-pay service as surgeon general, he shall rank as major general from the date of his joining such army in the field, or according to the date of the completion of such service.
- II. A deputy surgeon general shall rank as lieutenant colonel, according to the date of his commission; after five years' full-pay service as deputy surgeon general, he shall rank as colonel, according to the date of the completion of such service.
- III. A surgeon major shall rank as major, according to the date of his commission; after twenty years' full-pay service as surgeon and surgeon major, he shall rank as lieutenant colonel, but junior of the latter rank.
- IV. A surgeon shall rank as lieutenant, according to the date of his commission; and, after six years' full-pay service, as captain, according to the date of the completion of such service.
5. The relative rank of these officers shall regulate choice of quarters, rates of lodging money, servants, fuel and light, or allowances in their stead, detention and prize-money, as well as allowances granted on account of wounds or injuries received in action, and pensions and allowances to widows and families; except that in the case of medical officers attached to regiments their choice of quarters shall be according to their regimental seniority.

8. Surgeons now serving, or who being now on half-pay shall hereafter be called upon to serve, shall be styled surgeons major; and assistant surgeons similarly circumstanced shall be styled surgeons.
9. Every candidate for appointment to the Army Medical Department shall possess Thomas or licences, one to practise medicine and the other surgery in Great

ARMY CIRCULARS—continued.

Britain or Ireland, and be registered under the Medical Act in force at the time of his appointment. Before receiving a commission, the candidate shall pass an examination in military medicine, surgery, hygiene, and pathology, after attending the authorized probationary course at a general military hospital.

10. Successful candidates shall have their commissions ante-dated to include the period of their probation, but such ante-dates shall not carry back pay. Candidates shall receive from the date of joining the General Military Hospital, and up to the time of leaving it, 5s. a-day. Successful candidates shall be entitled to the full pay of surgeon from the date of their passing the examination.

11. A surgeon shall pass such examination as our Secretary of State may require, before he can be promoted to the rank of surgeon major.

12. A vacancy in the rank of surgeon major, occasioned by death or promotion shall unless it be expedient that it be otherwise filled, be given to the senior qualified surgeon of the department. If a vacancy shall arise from any other cause it shall be filled by a qualified surgeon, who shall be recommended to us by our Commander in Chief, with the approval of our Secretary of State.

13. In cases of distinguished service, a surgeon, if qualified, may be promoted to the rank of surgeon major without reference to seniority; and in such cases, the recommendation detailing the services for which the officer is proposed for promotion shall be published in the General Orders of the Army, and in the Gazette in which such promotion shall appear.

14. Surgeons serving in India may be granted local rank as surgeon major after twelve years' service.

15. The medical officer attached to a regiment or battalion shall remain with it as a rule for five years.

16. All promotion from the rank of surgeon major to that of deputy surgeon general, and from the rank of deputy surgeon general to that of surgeon general, shall be given for ability and merit upon the selection of our Commander in Chief, with the approval of our Secretary of State; and the grounds of such selection shall be stated to us in writing, and recorded in the department. In all such cases the amount of regimental service and the amount of foreign service shall be expressly stated.

17. A medical officer retiring after full-pay service for twenty-five years and upwards, may, if recommended for the same by the head of his department, receive a step of honorary rank, but without any consequent increase of half-pay.

18. Good service pensions shall be awarded to the most meritorious officers of the Army Medical Department, under such regulations as shall be from time to time determined by us, with the advice of our Secretary of State.

19. Six of the most meritorious officers of the Army Medical Department shall be named our honorary physicians, and six our honorary surgeons.

20. Medical officers shall have a right to retire on half-pay after twenty years' service. Medical officers of the rank of surgeon major or surgeon shall be placed on the retired list at the age of fifty-five, and all surgeons general and deputy surgeons general at the age of sixty-five years; unless in any special case it would be for the good of our service that the officer should continue in employment.

21. Our Secretary of State may, when he shall deem it fit, employ medical officers on the half-pay list in special situations at such daily rates of pay, in addition to half-pay, as he shall from time to time determine; but such officers shall vacate their appointments on attaining the age of sixty-five years.

22. A medical officer who having voluntarily resigned his commission, has subsequently been permitted to re-enter the department shall not, except under very special circumstances, to be approved by our Secretary of State, be allowed to reckon his former service.

Service on the West Coast of Africa.

23. Service of medical officers upon the West Coast of Africa shall be voluntary, except for those who enter the department especially for African service.

24. Each year or portion of a year shall be allowed to reckon double towards retirement, but not towards increased pay, provided that the officer shall serve at least twelve months on the West Coast of Africa.

25. For each year's service on the Coast, a medical officer shall be entitled to a year's leave at home, and for every additional period beyond a year he shall have an equivalent extension of leave.

26. Officers who may enter the Army Medical Department expressly for service on the West Coast of Africa, and those who may volunteer for that service from the General Department, after the date of this warrant, shall receive double pay while actually serving on the Coast.

29. The rate of half-pay awarded to officers retiring for their own convenience, after 20 years' service on full pay, under Article 20, shall not exceed one-half of their full pay at the time of retirement.

30. Every medical officer who shall retire after a service upon full pay of 25 years, shall be granted a rate of half-pay equal to seven-tenths of the daily pay he may have been in receipt of when thus retiring on half-pay, provided he shall have served three years in his rank, or shall have served abroad for ten years in all ranks, or for five years with an army in the field. 32. Medical officers of 20 years' full-pay service, placed temporarily on half-pay on account of ill health, may, however, be allowed to retire on permanent half-pay, at the rate fixed by Article 28, if after one year on half-pay they shall be reported by a medical board to be permanently unfit for further service.

35. A medical officer appointed before the date of this Warrant, and promoted while serving on the West Coast of Africa, may, on the completion of three successive tours of service, each of twelve months, in the rank of surgeon major on the Coast, be transferred to the general list.

36. A medical officer removed from the African Service under the conditions laid down in Articles 34 and 35 shall join the general service according to the date of his actual commission.

Cl. 23.—Royal Warrant—Pay, &c. of Army Hospital Corps.

VICTORIA R.

WHEREAS it has been represented to us that it is expedient that our Army Hospital Corps be organized for extended duties in connection with the hospital service of our Army:

Our will and pleasure is, that our Warrants of 1st August, 1857, and 27th September, 1861, and Articles 740 to 743, 1138, and 1139, of our Warrant of 27th December, 1870, be cancelled, and that this present Warrant be the sole and standing authority on the matters therein treated of.

2. In matters of discipline our Army Hospital Corps shall be subject to the orders of the local military authority, but in all other respects it shall be under the direction and control of the principal medical officer at a station.

3. The officers, non-commissioned officers and men of our Army Hospital Corps shall be liable to be employed on any duties which they may be called upon to undertake, either in peace or war, in connection with or pertaining to the hospital services of our Army. When with an army in the field they shall be available for service with the field ambulances, as well as for other duties.

4. The officers and non-commissioned officers of our Army Hospital Corps shall have authority to command not only the men of their own corps, but also the patients in military hospitals, and such non-commissioned officers and men as may be attached thereto, without their own officers, for hospital duty.

5. The officers and non-commissioned officers of our Army Hospital Corps shall take rank with the officers and non-commissioned officers of other corps of our Army, and wear the ordinary distinctions and badges of such rank on their uniforms, with such other distinguishing badges as may be special to the corps; but it is to be understood that this privilege gives them no command whatever, except over patients in hospital, and officers or men immediately attached to hospital establishments. When any question of command arises the senior combatant officer on the spot shall command.

6. The ranks of officers of our Army Hospital Corps shall be as follows:—

Captain of Orderlies,

Lieutenant of Orderlies.

7. The relative rank in our Army of these officers shall be captain and lieutenant respectively, and shall regulate their quarters and allowances (except forage allowance), pensions for wounds and pensions and allowances to their wives and families.

8. The ranks of officers in our Army Hospital Corps shall be filled by captains of orderlies, and apothecaries to our forces, who may volunteer for service in the corps. On future vacancies all appointments of officers shall be made by selection from the non-commissioned officers of the corps, except under special circumstances.

9. An officer shall be selected by our Commander in Chief to act as staff officer of the corps. The staff officer shall be charged with the preservation of the records of the corps, and such duties attaching to the rank of quartermaster as are to be performed at head-quarters.

10. At out-stations the duties of quartermaster shall be performed by the officers of the corps as part of their ordinary duties.

11. Until the organization of the corps shall be completed, it shall consist of the non-commissioned officers and men serving in it at the date of this our Warrant, and also of volunteers from the non-commissioned officers and men of other corps of our Army.

12. After the organization of the corps shall have been completed, its ranks shall be filled by non-commissioned officers or soldiers volunteering from the ranks of our Army, or by recruits whose direct enlistment may be authorized by our Secretary of State.

13. Volunteers from other corps for service in our Army Hospital Corps shall not, as a general rule, be above 30 years of age, and shall have such length of service as shall from time to time be fixed by our Commander in Chief. They shall in all cases be of good character, able to read and write, and be recommended by their commanding officer for their special qualifications and general aptitude.

ARMY CIRCULARS—continued.

14. Except in the case of men joining from the regimental hospital establishment of other corps, before the organization of the Army Hospital Corps is completed, volunteers shall serve on probation for a period not exceeding six months, and at the expiration of that time, or sooner if considered advisable, shall be either transferred to the Army Hospital Corps or remanded to their regiments.

15. All men of our Army Hospital Corps who are of good character, efficient in every way, fitted for their various duties, and within the authorized age, shall be eligible for re-enlistment or re-engagement or extension of Army service in our Army Hospital Corps, or transfer to the Army Reserve under such special regulations as may be made from time to time by our Secretary of State.

16. Non-commissioned officers or men of our Army Hospital Corps, transferred from other corps of our Army, may, if at home, on the representation of the director general of the Medical Department of our Army, or if abroad, on the representation of the principal or senior medical officer, be re-transferred on account of misconduct, unfitness, or any other cause, to their former, or to any other corps on the order of our Commander in Chief, or any officer duly authorized by him; and such non-commissioned officers or men shall revert to the rank they held in their corps previously to joining the Army Hospital Corps, unless in the meantime they be reduced to a lower rank; in either case they shall be supernumerary to the rank in the corps to which they are remanded.

17. Non-commissioned officers or men enlisted into or re-engaged for our Army Hospital Corps who may misconduct themselves, or have proved themselves careless, inefficient and unfitted for their duties may, on a representation of the fact being made by the director general of the Medical Department of our Army to our Commander in Chief, if the non-commissioned officer or man be serving at home, be discharged from our service. If the non-commissioned officer or man be serving abroad, he may (on the representation of the principal or senior medical officer) be dealt with, under the authority of the general or other officer commanding our troops at the station, in such manner as he may consider best for the good of our service until such period as an opportunity offers for sending him home for discharge.

VICTORIA R.

Cl. 27.—Establishment of the 6th Dragoon Guards.

Her Majesty has approved of the establishment of the 6th Dragoon Guards being fixed from the 10th February, 1873, at the establishment detailed in the second column of page 8, Clause 70, Army Circulars, 1872.

Cl. 28.—Married Establishment of Regiments in India.

The regulation as to the number of men allowed on the married roll of regiments serving in India, contained in Clause 150, Army Circulars, 1872, is not applicable to the Corps of Royal Engineers.

Cl. 29.—Adjustment of Payments made by one Accountant on behalf of another at Home.

1. Special attention is directed to the instructions contained in para. 10 of Clause 52, Army Circulars, 1872, in order that the charges and corresponding credits may be included in accounts for the same period. The governing date inserted in W. O. forms 1186, 1187, and 1207 should invariably be that on which the document is actually transmitted.

2. Fractional parts of a penny should not be inserted in the totals of W. O. forms 1186, 1187, and 1209.

Cl. 30.—Officiating Clergymen.

[Secretary of State's Instructions on Articles 272 to 279 of the Royal Warrant of 27th December, 1870.]

1. The duties to be performed by an officiating clergyman in receipt of the capitation pay granted by Article 272, include (in addition to the Sunday services) baptisms, churchings, and funerals; attending the sick in hospital, and reading prayers with the convalescents, at least once in each week; giving special religious instruction to the children and drummers during one hour in every week; besides attending generally to the religious instruction and welfare of the troops (including officers), as well as of their wives and families, who belong to such clergyman's communion. No fees are to be demanded for baptisms, churchings, or funerals.

2. Whenever a clergyman who has not been regularly authorized to officiate is desirous of undertaking the duty, the necessary authority for his appointment should be obtained from the War Office through the officer commanding the troops at the station; and every clergyman who voluntarily commences duty to the troops, without having received the approval of the Secretary of State for War, should be informed that payment cannot be guaranteed to him until such approval shall have been officially notified to him.

3. Commanding officers are required to furnish the clergyman, on application from him, with weekly certificates (W. O. Book 151) showing the numbers of officers and men of the particular denomination who have been present in garrison, and the numbers (if any) who have actually attended separate services during the period.

4. At the expiration of each quarter the clergyman will forward his claim to payment, on War Office Form 601, to the officer commanding, who will transmit it to the control paymaster of the district for settlement.

5. Clause 194, Army Circulars, 1870, is hereby cancelled.

Cl. 31. PRICES OF NECESSARIES.

1. The list of prices printed in the appendix will regulate the sums to be charged to the troops for all necessities issued on payment on and after the 1st April, 1873.

ARMY CIRCULARS—continued.

except at those foreign stations where this circular shall not have been received on that date, in which cases the prices contained in the appendix to Clause 61, Army Circulars, 1872, will continue in force until the receipt of the present circular at the station. The date of such receipt will be inserted in the Kit Account.

2. The price to be charged, under the provisions of Clause 45 of Army Circulars, 1867, for cholera belts lost, destroyed, or issued on repayment, will be that quoted in the accompanying list.

3. If any articles, other than those detailed in the accompanying lists, be required on payment, a separate requisition will be forwarded for them, and they will not be included in the annual account of free kits and regimental necessaries. Payment for such articles will be made during the quarter in which they are received, or (in the event of their being received during the last month of the quarter) in the succeeding quarter. Care will therefore be taken that no larger quantities of such articles are at any time demanded than the regiment is prepared to pay for in the manner above described.

4. In future, when leather is required, it should be demanded in hides, or bellies, instead of by the pound.

5. Duck frocks and fatigue trousers (although not articles of necessaries), and sergeants' forage caps, may be accounted for in the annual account of free kit and regimental necessaries.

6. Any articles of clothing which may be sold to the troops under the authority contained in paragraph 59 of the Revised Royal Clothing Warrant, 1865, will, if included in the annexed list, be charged for at the rates quoted in such list, and not at prices based on the compensation value as prescribed in the said Warrant.

7. Officers commanding will be careful to demand soap, both marine and yellow, by the piece, instead of by the pound. Each bar of soap will be cut into ten pieces.

8. Necessaries of obsolete pattern, or articles omitted from the accompanying list, will, if on charge, be sold at the rates laid down in the most recent circular list of prices in which such articles, or patterns, may have been included.

W. O. Form 1330, Requisition for Military Fatigue or Working Parties.

3. W. O. Form 68 (Claim for Forage Allowance) is hereby cancelled, and instead of it, W. O. Form 648, will be used. This form, slightly altered, may be made applicable to regimental as well as staff and departmental officers.

G. O. 14.—Staff College.

I. The following regulations regarding the examination of officers who may be candidates for admission to the Staff College in February, 1874, are published for general information.

There will be vacancies for twenty officers, of whom three may belong to the Royal Artillery, and two to the Royal Engineers, provided they are among the twenty highest on the list. The qualifications requisite for admission are—

- (a) A service of not less than five years, previously to examination, exclusive of leave of absence.*
- (b) A certificate from his commanding officer, that the candidate is in every respect a thoroughly good regimental officer.
- (c) A report on the following questions, to be confidentially answered by a board, consisting of the commanding officer and the two next senior officers of the candidate's regiment, † viz. :—

Is his conduct marked by steadiness and prudence, and is he temperate in his habits?

Is he extravagant in his mode of living?

Does he display zeal, activity, intelligence, and discretion, in the performance of his duties, and does he appear to take an interest in his profession?

Report any other characteristic of the officer which renders him suited or otherwise for the duties of a staff officer.

Is his disposition such as would enable him to perform those duties with tact and discrimination, and in a manner calculated to ensure their being cheerfully carried out by those to whom orders would be conveyed by him? or, are his manners and temper objectionable, and likely to cause him to disagree with those with whom he might be associated, or be brought in contact?

Is he active and energetic in his habits?

Is he a good (fair or indifferent) rider, and is he short-sighted?

- (d) A certificate that the candidate, if not a captain, has passed the examination for a troop or company.
- (e) A medical certificate of good health and fitness for the active duties of the staff.

* This is not to apply to the usual leave of absence granted to officers.

† Officers on half-pay whose regiments have been disbanded, are, if possible, to obtain answers to these questions from the three senior officers under whom they have most recently served.

GEN. ORDERS—continued.

- (f) Every candidate before being admitted to the entrance examination, will be attached for a month to the staff of a general officer commanding a brigade or division, who at the expiration of this period will report confidentially upon the candidate's general fitness for staff employment, and especially upon his aptitude for business and for conducting official correspondence.*

Every application to study at the Staff College must be made through his commanding officer, whilst the officer is present and serving with his regiment. No application from an officer on leave will be entertained.

HOME STATIONS.

II. Officers serving in the United Kingdom who are desirous of entering the Staff College, must, before the 1st of May next, inform their commanding officers, by whom the certificates from (a) to (e) will be prepared and forwarded through the usual channel to the adjutant general of the forces. General officers in transmitting these applications will record their opinions as to the fitness or otherwise of the applicants for staff work, should they be able to do so from their personal knowledge of them.

If these certificates are satisfactory, orders will be issued for carrying out the test prescribed in paragraph (f).

General officers will report not later than 30th June upon the candidates then attached to their staff; after which date, the officers, if approved, will receive from the Director General of Military Education the rules to be observed at their examination.

The examination will take place in London on the 23rd July next, and following days.

FOREIGN STATIONS.

III. General officers commanding abroad will issue their own local orders, specifying the date up to which applications will be received by them from officers wishing to be examined. Care should be taken that sufficient time is allowed for the qualification described in paragraph (f) to be obtained, so that all the necessary papers and certificates may be received at the Horse Guards on or before the 15th May.

General officers in forwarding these applications will record their opinions as to the fitness or otherwise of the applicants for staff work, should they be able to do so from their personal knowledge of them.

The examination papers will be sent out for those officers only whose applications shall have been thus received.

IV. The examination will commence on the 23rd July, or as soon after that date as the examination papers shall be received from the Director General of Military Education; but no examination can be allowed to commence after the 15th August.

A board of officers will be appointed at the most convenient station of the district, by the general officer in command, and will consist of three officers; one of them to be, when practicable, a staff officer, having the rank of field officer, and the other two, if possible, not under the rank of captain. One of these officers will belong to one of the scientific corps, where any such officer can be obtained.

The questions are to be answered in the presence of the board.

The board will give to each candidate a number, which he will affix to each of his examination papers, instead of his name. He will retain the same number throughout the examination.

The board will give to each candidate a paper of the printed examination questions on each subject, at the time specified for the examination in that subject.

The candidates will write their answers to the questions in the presence of the board, and their papers, together with the printed examination questions, will be collected at the hour appointed, and made up into a packet, which will be sealed before being taken from the examination room.

The board will, immediately on the conclusion of the examination, forward the papers of the candidates to the general officer commanding, for transmission to the Director General of Military Education, accompanied by a certificate that the candidates obtained no assistance from books, or help of any kind, in their examination. The board will, at the same time, forward the names of the candidates, corresponding with their index numbers in the examination, in a separate envelope, for transmission to the Director General of Military Education.

* See General Order 40 of 1871.

GEN. ORDERS—continued.

V. The following will be the order of the examination :—

VI. The examination in Military History and Geography will comprise the following subjects, as stated in G. O. 79 of 1872, viz.:—

1. *The Campaign of 1866*, in Bohemia, up to and inclusive of the Battle of Königgrätz.

Candidates will be expected to have a general knowledge of the geography of the country.

2. The general principles of war. *Text books*, Jomini "L'Art de la Guerre." Hamley "Operations of War."

VII. There will be, in all cases, an interval of not less than one hour between the two periods of examination on each day.

The papers will be collected at the appointed hours by a member of the board. Any candidate, however, who may have finished his examination paper on any subject before the hour named, may deliver it into the hands of a member of the board.

Paper, pens and ink will be provided, but candidates should bring their writing and drawing materials, instruments, &c., and also the tables of logarithms they are in the habit of using. No other books or notes of any description will be allowed to be used.

No communication whatever will be allowed between the candidates at the examination.

VIII. General officers commanding at foreign stations will place no restrictions upon officers competing, further than the exigencies of the service may absolutely require. It will be understood that the rule by which only one officer can be spared from a battalion at a time, for the purpose of studying at the Staff College, does not apply to candidates from battalions which have officers now at the college, but whose course of study will terminate in December next.

IX. General officers commanding at foreign stations will select the hours for the examination which are best suited to the climate and circumstances of the country, taking care however to conform strictly to the number and distribution of the hours, as detailed in the foregoing regulations.

X. On the completion of the examinations, general officers commanding will transmit the candidates' papers to the Director General of Military Education, War Office, Pall Mall, with the least possible delay, in order to enable officers from distant stations, who may be successful in the competition, to join the college early in the following February. They will at the same time forward to the adjutant general a return of the officers examined.

XI. Officers serving abroad, who may be successful candidates, will be allowed passage home, on joining the Staff College.

XII. The names and examination-numbers of the candidates who are successful in the competition, as well as of those who prove themselves qualified, but for whom

GEN. ORDERS—continued.

are no vacancies, and the examination-numbers alone of candidates who fail, will be published immediately after the reports of the examiners have been received by the Director General of Military Education, with the total number of marks gained by each candidate, and his place on the list.

XIII. Candidates are recommended to obtain the reports of past examinations for admission, with copies of the examination papers, published by Messrs. Taylor & Francis, Red Lion Court, Fleet Street, London.

G.O. 15—Deserters.

Referring to paragraph 437 of the "Queen's Regulations and Orders for the Army," it is directed that, in future, the escort for a deserter shall include some one who can identify the man.

G.O. 16.—Pioneers.

With a view to the further development of the system for the employment of soldiers at trades, and the formation in each regiment of an efficient pioneer force, composed of men who, in addition to the ordinary duties of pioneers, may be capable of imparting instruction to men desirous of learning or practising a trade, the following regulations have been approved:—

1. Pioneers are to be at once selected by commanding officers in accordance with paragraphs 420 and 421 of the "Queen's Regulations and Orders for the Army,"—except that the following distribution of trades must be adopted:—

- 1 serjeant, a carpenter by trade if possible.
- 3 carpenters.
- 2 bricklayers, one able to plaster, and one able to slate.
- 1 smith, able to shoe horses.
- 1 mason, able also to cut stone.
- 1 painter and glazier.
- 2 plumbers and gas fitters.
- Total 1 serjeant and 10 pioneers.

2. Commanding officers may appoint suitable men to be pioneers without reference to higher authority; and when the resources of a regiment do not admit of soldiers belonging to the trades specified being selected, they may temporarily nominate men from other callings, taking care, however, to make every effort to obtain, by transfers from other regiments, or by enlistments, men of the prescribed trades.

3. Pioneers should be chosen mainly on account of proficiency in their trades; but they ought also to be men of good character, as the success of the employment of soldiers in trades will greatly depend upon the zeal, industry, and aptitude of these men. Their proficiency should be ascertained by the Royal Engineer Department; to which end application should be made to the general officer commanding the district or station. It may happen that, from some cause or other, there are no means at a station for testing men in trades. This circumstance is not to interfere with the appointment of pioneers, but advantage must be taken of the first favourable opportunity of ascertaining their qualifications.

4. Pioneers should be thoroughly instructed in the use of the pioneers' tools which are to be carried by them on parade. Pioneers should also be instructed in entrenching, &c., in order that they may be in every respect qualified to act as sappers to their regiments.

5. At the discretion of the commanding officer, pioneers may be employed in the quartermaster's stores, or on other duty; but every encouragement and facility should be afforded to enable them to work at, or instruct others in, trades. As a rule, pioneers should be with the head-quarters of a regiment, but commanding officers will be guided by circumstances in this respect.

6. A small proportion of the smiths, plumbers, and carpenters selected for pioneers, and who have only been classified as *ordinary* by the Royal Engineer Department, can be received at Woolwich for instruction; but, in the case of a smith, this will be seldom necessary, as he can be placed, until competent to shoe horses, under the farriers and shoeing smiths of any Cavalry-regiment, battery of Royal Artillery or company of the Army Service Corps that may be on the station.

GEN. ORDERS—continued.

7. The non-commissioned officer who may be selected to take charge of the pioneers should, besides being a tradesman, be able to write a legible hand, and to keep simple accounts. In the event of a competent man not being available in a battalion, the commanding officer should endeavour to procure by transfer from another corps, or by enlistment, a properly qualified tradesman.

8. A competent man having been selected for the appointment of pioneer serjeant, application should be made to the adjutant general, for his admission to the School of Military Engineering, with a view to his going through short courses both in the building and field work branches, so as to fit him to superintend the pioneers, both on barrack repairs and on service in the field.

9. This non-commissioned officer having been reported qualified by the commandant of the School of Military Engineering, will be appointed to the situation on probation, and may be confirmed in the appointment of pioneer serjeant by the officer commanding after six months' trial. Before confirming the appointment, however, the commanding officer should obtain the opinion, in writing, of the commanding Royal Engineer, or superintending officer of Royal Engineers, of the division or station, as to the manner in which the non-commissioned officer may have performed his duties in connection with that department.

10. The pioneer serjeant can fill no other situation. He will be provided with the clothing of an ordinary platoon serjeant, as specified in Clause 175, Army Circulars of 1872, with the same appointments that were carried by the pioneer corporal.

11. The tools required for the employment of pioneers are to be obtained under para. 226, p. 194 of the "Equipment Regulations," and materials required for "repairs to barracks" will be supplied (through the Royal Engineer Department) by the triennial contractor.

12. The pioneers may be employed on work for the Royal Engineer or Control Departments:—

- (1) By contract or agreement made with the pioneer serjeant.
- (2) By piecework.
- (3) By daywork, or by the hour.

13. Should the pioneer serjeant require workmen in addition to the pioneers, he will apply to the adjutant for the requisite assistance, the men so employed being, as much as possible, exempted from ordinary regimental duty. To facilitate a proper selection, and in order that the resources of the regiment in artificers may be constantly known, not only the pioneers, but all the tradesmen of a regiment, whether belonging to the trades of the pioneers or otherwise, should be tested and classified, and their respective classifications recorded in the orderly room. The classification should also be entered in the men's pocket ledgers. Recruits when properly drilled, should be tested, and their names added to the classification lists.

14. Men belonging to building trades, that is to say, bricklayers, carpenters and joiners, blacksmiths, gas fitters, glaziers, masons, millwrights, plumbers, sawyers, stone cutters, and crafts special to the Royal Engineers, are to be tested and classified by the Royal Engineer Department; armourers, collar makers, coopers, saddlers, saddle-tree makers, shoeing smiths, carriage smiths, wheelers, &c., by the Control Department.

15. The work required to be done for the public service is to have priority, and for this employment preference should always be given to skilled or superior workmen of good character. When circumstances admit, work may also be done for the regiment, and private work for officers, or others, if approved of by the commanding officer. The pioneer serjeant should be directed to afford every encouragement to tradesmen, who may not be pioneers, to avail themselves of the advantages offered in the regimental workshops, by employing them for short periods when practicable.

16. The apportionment of money earned by contract, and the payment of the tradesmen generally, must be carried out by the pioneer serjeant under the general superintendence of an officer to be appointed by the commanding officer of the battalion.

17. A fund to meet the cost of repairing or replacing tools, or other contingent expenses, will be kept by the regimental paymaster; and, in order to establish this fund, a contribution, not exceeding 5 per cent., to be fixed by the commanding officer, should be deducted from payments made for all work performed. The fund must not at any time exceed £30.

18. These arrangements are made entirely with a view to the system being self-supporting—not taking into account the ordinary regimental pay or allowances received by the non-commissioned officers and men as soldiers.

GEN. ORDERS—*continued.*

19. The cost of all repairs to the workshops should therefore be paid out of the "Works Fund."

20. Whenever a commanding officer finds that suitable workshops do not exist, he should make application to the general or other officer commanding the district or station, who, after consulting the commanding Royal Engineer and District Controller, will take the necessary steps with a view to obtaining authority for the appropriation, fitting-up, or construction of such rooms as may be necessary.

21. It is desirable that, under the general control of the commanding officer, an officer should be appointed to supervise the workshops, and to act as a referee for the pioneer serjeant in all cases of doubt or difficulty with respect to the apportioning of funds, or other matters connected with his duties.

22. General officers making half-yearly inspections will examine and report upon the system adopted in each battalion for carrying out these instructions.

By command,

RICHARD AIREY,
Adj. Gen.

FINANCE.

Cl. 35.—Allowance for Regimental Bands.

(Issued as a Special Army Circular, on 27th March, 1873.)

VICTORIA R.

WHEREAS we have taken into our consideration the system under which the cost of maintaining bands of music in the Cavalry and Infantry regiments of the line and colonial corps is at present defrayed; and whereas we deem it expedient that a reasonable contribution towards the expenses of providing instruments and music for these bands be made from public funds:

Our will and pleasure is that an allowance, not exceeding 80*l.* a-year, be paid to each regiment of Cavalry and battalion of Infantry of the line and colonial corps maintaining a band.

Given at our Court at Windsor, this 26th day of March, 1873, in the 36th year of our reign.

By Her Majesty's command,

EDWARD CARDWELL.

Secretary of State's Instructions.

1. The allowance of 80*l.* for the year 1872-3 may be drawn at once in the case of regiments serving elsewhere than in India, and charged in the current account of the agent, who will credit the same to the band fund. In future the charge of 20*l.* a quarter may be made by the agent, vouched by the receipt of the president of the band committee.
2. Further instructions will be issued with regard to regiments in India.

**Cl. 36.—Royal Warrant—Special Service in Control Department,
West Coast of Africa.****VICTORIA R.**

WHEREAS we deem it expedient to revise the regulations applicable to officers of the special service in the Control Department for the West Coast of Africa, contained in our Warrant of the 27th December, 1870:

Our will and pleasure is, that Article 319 of our said Warrant be cancelled, and that such officers shall receive allowances according to their relative rank.

Article 324 of our Warrant of 27th December, 1870, is also hereby cancelled; and Articles 330, 331, and 333 shall stand revised as follows:—

330. The tour of service on the coast shall be for a continuous period of eighteen months, after which the officer shall be allowed a free passage to and from England, with leave of absence on full pay for the period of the voyage, and for six months in England.

331. The eighteen months' coast service and the leave granted under the foregoing Article, shall be allowed to reckon as three years' service towards retirement, but broken periods of service on the coast, or leave granted exceptionally under medical certificate, shall count as ordinary service.

333. An officer who, on account of ill health, contracted in and by the service, as certified by a board of medical officers, shall be unable to resume his tour of duty on the coast after the expiration of his six months' leave, shall, if he have completed three years' service, be placed upon temporary half-pay for a further period not exceeding six months. If he shall not have completed three years' service, such officer may be retained on the establishment without pay for a period not exceeding six months after the expiration of his leave. If still unable, on the expiration of the further period on half-pay or without pay, to proceed on duty, it shall be in the power of our Secretary of State to dispense with the further services of such officer, granting him such reduced rate of retired pay, or such amount of gratuity, as his previous services may justify.

Given at our Court at Windsor, this 22nd day of March, 1873, in the 36th year of our reign.

By Her Majesty's command,
EDWARD CARDWELL.

2. This allowance is a consolidated allowance in lieu of quarters and barrack issues, and will be admissible from the 14th March, 1873.

Cl.—38. Regulations for Married Soldiers.

1. It has been decided, with reference to paras. 72 and 73 of Clause 53, Army Circulars, 1871, that the wife of a soldier, married in India, is not to be provided, on the death of her husband, with a passage for herself or family to that country, without the special sanction of the Secretary of State for India in council, unless the woman be a native of India.

2. In future the married establishment of the Army Hospital Corps will be composed in a similar manner to that of other corps, as provided in para. 1 of Clause 53, Army Circulars, 1871, and all non-commissioned officers holding the rank of 1st or 2nd class staff serjeant, under War Office Circular 582, will accordingly be included in class "A" of the above paragraph.

2. Supplies of these books and games will be maintained at Portsmouth, Gravesend, and Queenstown, and are to be put on board ship by the control officer at the station under instructions from the director of Artillery and stores, who will receive an application for them on each occasion from the quartermaster general at head-quarters. When troops embark at other home ports the supplies will be sent there from either of the above-named stations, if time admits.

3. The Controller issuing the supply will obtain from the officer in command a receipt for the articles issued, and will cause the officer commanding to be supplied with two priced delivery notes or invoices.

4. He will forward to the Controller at the station to which the troops are proceeding a copy of the receipt given.

5. The officer commanding will give over the books and games to the custody of an officer or a non-commissioned officer, and will issue such orders as he may deem necessary for their care and preservation. He will cause weekly inspections to be made to see that all are complete and for the purpose of assessing any damages after allowing for fair wear and tear.

6. The officer commanding will, on arrival at his destination, deliver over to the Control Department one of the invoices alluded to in paragraph 3, together with the articles supplied, and the Controller will cause the same to be examined, and the troops to be charged, before landing, with the amount of the damages assessed by the commanding officer.

7. Should any troops land at an intermediate port the officer in command will, before the disembarkation takes place, inspect the articles with a view to the amount due on account of losses and damages being recovered from the troops prior to leaving the ship.

8. If troops are returning home in the same vessel, the Controller will hand over the articles originally issued to the officer commanding in the manner laid down for the first issue, except that he will forward to the Controller, Royal Arsenal, the list of stores supplied.

9. If there are no troops likely to return home within a reasonable period, the Controller will send the articles received to the Controller, Royal Dockyard, Woolwich, by the first opportunity.

10. Should the officer commanding become non-effective, or land at a station nearer than that fixed for the entire voyage, the next officer in rank will take over these supplies and see that they are correct and in good condition.

11. On arrival at home of a ship with troops, the Controller at the port of disembarkation will receive over the books and games, and after seeing that the troops have been charged with the amount of damages, as laid down in paragraph 5, will forward the articles to the Controller, Royal Dockyard, Woolwich.

7. The Control Department will be responsible—
- (a) For the provision of buildings necessarily hired for hospital purposes, or for the supply of marquees and tents, and other accommodation required for the sick.

- (g) For making funeral arrangements when required by the medical officer to do so, and reporting the expenses to the medical officer.

- (o) For the necessary inspection of each hospital on the departure of troops whose sick have occupied it, or on the transfer of charge from one medical officer to another.
8. The Royal Engineer Department will (as laid down in Clauses 79 and 157, Army Circulars, 1870) be responsible—
- (a) For the periodical inspection, maintenance, and repair of all hospital buildings and fixtures, whitewashing and any structural alterations, and for assessing all damages to such buildings and fixtures.
- (b) For the supply of water, except when transport is requisite.
- (c) For the working of all fixed machinery and engines by steam or other power.
- (d) For the general charge and maintenance of burying grounds attached to military hospitals.
- (e) For laying out and planting all hospital grounds and gardens, and for making and repairing all fences, roads and walks therein.
9. All requisitions for supplies and vouchers for hospital expenditure chargeable against the public, to whatever department they may be rendered, will be signed by the medical officer in charge.
10. In the event of the absence of an officer of the Control Department, or of failure on the part of the Control Department or its agents (e.g. local contractors for provisions and medical comforts) to deliver good and efficient supplies, the medical officer in charge will have a discretionary power to make purchases, with the understanding that any such departure from the usual course shall be at once justified by an explanation to the principal medical officer, for reference to the controller. This power must at all times be used on the individual responsibility of the officer exercising it. Supplies so purchased

ARMY CIRCULARS—continued.

and allowed by the Secretary of State, will be chargeable against the control vote for supplies, except in those cases in which the expense can properly be recovered from the contractor.

11. The medical officer in charge will be empowered, where there is no local representative of the Royal Engineer Department at the station, or when reference would cause delay which would be detrimental to the patients, to order urgent and necessary repairs to buildings (such as the repair of broken glass, damages to roofs, injuries to gas or water pipes and closets), to be executed at once by the triennial contractor or his agent, or, in the contractor's default or absence, by some other local tradesman. In all such cases, however, the medical officer will send a copy of his order simultaneously to the engineer officer in justification of his proceedings, and the expense so incurred will be charged against the works vote.

12. At the first handing over of the equipment and stores to the Medical Department, the necessary inventories will be prepared and signed by the control officer who transfers the articles, and the signature of the medical officer in charge on the same documents as having "received the above," will be a sufficient voucher for his responsibility for the safe custody of the supplies. At each periodical inspection by the Control Department, or when transfer of charge takes place, every article of equipment, and all stores, will have to be accounted for.

13. Damages to buildings or stores, or charges for the loss of stores, will be assessed as follows:—

- a. Any breakage or damage (not coming under the head of "fair wear and tear," or not admissible as a charge against the public) that is traced home to a patient, or that has been caused by his individual neglect of the rules of the hospital (a copy of which should be hung up in every ward) will be charged against him, the damage being notified to him by the medical officer in charge, who will keep a record of all such damages for the information of the Engineer or Control Department, as the case may be, as well as the patient's commanding officer.
- b. The charges for all breakages or damage not coming under the head of "fair wear and tear," or chargeable against the public, and that cannot be traced to individuals, will be assessed each month as a "general charge" against the servants in that particular hospital.

14. In carrying out the rules laid down in the foregoing article, should any difference of opinion arise between the Medical and Control Departments, or between the Medical and Engineer Departments, or should any patient wish to appeal against any charge for damages to be assessed against him, the case will be referred by the medical officer in charge to the governor or to the commandant of the hospital if there be one, or if not to the general or other officer commanding, whose decision will be final.

*15. At the inspections held on any transfer of stores or buildings from one medical officer to another, the control officer or member of the Royal Engineer Department, as the case may be, making the inspection, will call the attention of the out-going medical officer to all damages to the buildings, and to any losses of, or damages to, articles on the inventories. The damages and losses will be assessed by the inspecting officers and at once made good. The signature of the inventory by the medical officer taking charge will be sufficient to show that he has taken the responsible charge of the articles; the officer being careful to add the date of signature.

*16. All documents in connexion with losses or deficiencies of equipment or stores, will be prepared by the Control Department, which will receive the information against whom the assessments are to be made from the medical officer in charge.

17. All articles issued for hospital purposes are exclusively for the use of the sick. They will not, at any time, or under any circumstances, be applied to any other purpose, or used in any place not actually connected with or set apart for the treatment or administration of the sick.

18. Fuel and light for hospital purposes will be delivered by the Control Department into the hospital stores weekly in advance, on requisition signed by the medical officer in charge of each hospital; and the ordinary issues will be in accordance with the scale laid down by regulation. Any extra issue deemed requisite must receive the approval of the principal medical officer, but this may be obtained by the medical officer after the issue has been made, and in the event of the principal medical officer not approving of

* Paragraphs 15 and 16 of this Clause have been altered since the Regulations were issued in the Special Army Circular of 6th March, 1873.

ARMY CIRCULARS—continued.

the issue, the medical officer who signed the requisition will be liable for the extra expenditure.

19. The requisitions made for all issues of fuel and light will be sufficient vouchers for their expenditure, provided such requisitions are receipted by the medical officer in charge.

20. Consumable articles for cleaning purposes will be allowed on a fixed scale for the use of all hospitals, and will be accounted for in accordance with such scale. The requisitions will, as in the case of fuel and light (see paragraph 19), be the voucher for the expenditure.

21. In all hospitals the system of drawing perishable articles of diet or medical comforts will be by daily requisitions on the Control Department or their agents or contractors. Articles not perishable will be drawn in quantities calculated to last a week or longer, according to circumstances.

22. The forms to be rendered by medical officers to account for the expenditure will be as follows:—

(1st.) Daily Diet Sheet of Patient (W. O. Form 1145).

(2nd.) Monthly Abstract of Diets and Extras on W. O. Form 175.

(3rd.) Monthly "Extra" Sheets on W. O. Form 1200.

(4th.) Monthly Statement of Provisions, &c. received, expended, and remaining, W. O. Form 184.

23. These documents will be sent at the end of each month to the control officer or his representative at the station. After ascertaining the correctness of the abstracts of diets and extras, that officer will forward the diet sheets (W. O. Form 1145) and extra sheets (W. O. Form 1200), to the principal medical officer of the district.

24. The Control Department will not exercise any check over the quantities of articles of diet, or extras issued to individual patients.

25. Prescribing medical officers will be held directly responsible to the principal medical officer for all entries on their diet and extra sheets, and when called upon will have to justify the necessity of the issue of all articles ordered by them.

26. The principal medical officer will supervise the nature and quantities of diets and extras, as suited to individual cases. It will be his duty to call for explanation of any seeming excess of issue, to check irregularities, or any apparent waste or extravagance, and to report the same, with his opinion thereon, to the Director General, Army Medical Department, for such action as may be necessary.

27. In carrying out the arrangements above laid down, the officers of the Medical and Control Departments will be directly responsible to their own departmental superiors, viz., the principal medical officer and the controller of the district or division respectively. The duties of each department being clearly defined, any failure on the part of either department to carry out the regulations laid down for its guidance in relation to the other, will be a matter to be dealt with by a reference from the principal medical officer to the controller, or *vice versa*; and in case of these officers not agreeing as to the course to be pursued, the matter will be submitted for the decision of the governor of the hospital, or of the general or other officer commanding.

28. The transfer of these duties, and the introduction of the new regulations extending the responsibilities of medical officers, will take effect in the various commands at such dates as the Subordinate Hospital Establishment, now being organized, shall have been placed at the disposal of the Army Medical Department, in order to enable them to undertake the performance of the increased duties.
